25X1 2. [REDACTED] Received a call from Guy McConnell, Senate Appropriations Committee staff, who wondered if we would be monitoring the hearings of Senator Muskie's Intergovernmental Relations Subcommittee next week on the various proposals relating to oversight of CIA and the intelligence community. He said if we did he would like to have a copy of whatever notes are taken at those sessions. If not, he will have a member of his staff sit in. I told him I expected we would have someone there and would be glad to share our notes with him, if we did not I would let him know.

25X1 3. [REDACTED] Received a call from Waldo Dubberstein who said he has been working as a consultant with Sam Hoskinson. He has been asked to do a quick evaluation of the Freedom of Information legislation in his capacity as a member of an organization known as the Information Planning Association, Inc. I told Dubberstein that this legislation was going to create some real nightmares both from administrative procedures standpoints and from the standpoint of law suits and he asked if I would have lunch with him next Wednesday to discuss the impact of this legislation and perhaps make available to him any unclassified material that we are aware of pointing out the problems of the legislation. I agreed to have lunch with him as he suggested.

7. [] NIO, called to report that he had been in touch with David Aaron, Legislative Assistant to Senator Walter Mondale (D., Minn.), on other matters and had set up a debriefing for 11:00 a.m. Friday, 6 December. I said we would be back in touch on whether someone from our office would accompany him or not.

8. [] Called Bill Dixon, Counsel, House Judiciary Committee, to alert him that we had run across a specific request for information from Governor Rockefeller but that was before 1 January 1970 and did not bear on the issues on which Dixon had previously expressed an interest except that it was a "specific request." Dixon appreciated the effort and agreed that we not provide the information.

Dixon said Representative Elizabeth Holtzman (D., N.Y.) had asked him to call to determine the nature of the 3 December 1970 briefing of PFIAB by Agency officials [] explaining that Governor Rockefeller had provided the Committee with a memorandum indicating that the briefing did not go into future Agency activities but was limited to the 1970 elections. I told Dixon that the records I had reviewed fully supported the Governor's statement that the briefing was post mortem in nature.

9. [] PFIAB staff, called to determine what information Agency records might reveal on questions set forth in a letter to Governor Rockefeller from Representative Elizabeth Holtzman (D., N.Y.). After reviewing with the DDO, through [] and advising the Director, I closed the matter out with [] See Memorandum for the Record.

10. [] Called [] and it was agreed that in connection with Representative Thomas Rees' (D., Calif.) inquiry, fend off, if possible, respond as per usual if necessary, and assure that the Agency gets a play back to protect against any possible misleading.

25X1 12. [REDACTED] Steve Daniels, Representative John N. Erlenborn's (R., Ill.) staff man on the House Government Operations Committee, and a member of the staff reviewing H.R. 16373 and S. 3418 (right of privacy bills) together with staff members of the Senate Government Operations Committee, called. He requested that we review carefully those sections in S. 3418 which the Agency would be subject to since the Senate staff people are pressing for the inclusion of these sections in the House bill and making them subject to the Agency. I explained that our past reviews indicated we would have no problems, but we would conduct a re-review and let him know. Representatives from DDI, DDO, ISAS, OGC, were advised.

25X1 13. [REDACTED] Received a call from one "John Hogan of Congressman Fong's office" who inquired as to whether any congressional body ever held hearings on CIA. I told him that four committees of the Congress exercise oversight of the CIA and that these committees routinely meet on Agency matters. I also mentioned that the Director periodically appears before other congressional committees. I then asked Mr. Hogan if he could be more specific in his request. He said "No," that he would simply get in touch with one of the oversight committees. I suggested that he might try Frank Slatinshek, Chief Counsel, House Armed Services Committee, first. This may be a bogus call as Hogan does not check out with Senator Hiram L. Fong (R., Hawaii) or Representative John J. McFall (D., Calif.).

14. [] Talked to Frank Sullivan, Senate Armed Services Committee staff, about the breakfast with the Director scheduled for Tuesday, 10 December at 8:00 a.m. with Senator Sam Nunn (D., Ga.). Sullivan said that his latest conversations with the Senator would indicate that what he would really like is an overview of Asia in general terms with an evaluation of the land, air and naval threat. The major political issues that might be considered would be the Sino/Soviet problems, Chinese and Soviet long-range intentions and the economic situation. Although the Senator's itinerary is still very flexible, he does not intend to travel to China. He does intend to spend some time in Japan with visits to Korea, Taiwan, Philippines, Okinawa and Thailand.

15. [] Received a call from Representative William G. Bray (R., Ind.) and, in brief, discussed with him the functions and some of the personalities involved with the General Advisory Committee on Disarmament and PFIAB. It is his plan to stay in the Washington area after January.

16. [] Talked to Fran Christy, Subcommittee on Immigration, Citizenship, and International Law staff, House Judiciary Committee, who told me the Committee meeting is being scheduled by Garner J. Cline, Counsel on the Subcommittee, for Tuesday, 10 December. I thanked her for the information.
